

## MCPD: Web Developer

10 days of Instructor led training – 3 exams

MCTS: .NET Framework 2.0 Windows Applications (Two Exams Required) (Prerequisite for MCPD)

## MCPD: .NET Framework 2.0 Web Developer

The Microsoft Certified Professional Developer: Web Developer (MCPD: Web Developer) certification demonstrates that you have the comprehensive skills that are required to build interactive, data-driven Web applications that use ASP.NET 2.0 for both intranet and Internet uses.

Microsoft Skills Assessments for Microsoft Visual Studio 2005 and Microsoft ASP.NET 2.0 help developers focus their exam preparation training and find learning resources to upgrade from Visual Studio .NET and ASP.NET 1.0 and ASP.NET 1.1.

### Certification Track

MCPD: Web Developer candidates must first complete the requirements for the [MCTS: .NET Framework 2.0 Web Applications](#) certification (two exams). After earning this certification, candidates may earn their MCPD: Web Developer by passing one additional required exam.

If you are a Microsoft Certified Application Developer (MCAD), you can upgrade to the MCPD: Web Developer certification by taking one upgrade exam, [Exam 70–551: UPGRADE: MCAD Skills to MCPD: Web Developer by Using the Microsoft .NET Framework](#). By passing this upgrade exam, you will automatically obtain the relevant MCTS prerequisite, MCTS: .NET Framework 2.0 Web Applications.

If you have already passed [Exam 70–552: UPGRADE: MCAD Skills to MCPD: Windows Developer by Using the Microsoft .NET Framework](#), you may obtain the MCPD: Web Developer certification by passing the following additional exams:

[Exam 70–528](#): TS: Microsoft .NET Framework 2.0 - Web-Based Client Development

[Exam 70–547](#): PRO: Designing and Developing Web Applications by Using the Microsoft .NET Framework

If you are a Microsoft Certified Solutions Developer (MCSD) on Microsoft .NET and have passed [Exam 70–553: UPGRADE: MCSD Microsoft .NET Skills to MCPD: Enterprise Application Developer by Using the Microsoft .NET Framework: Part 1](#), you may obtain the MCPD: Web Developer certification by passing the following additional exam:

[Exam 70–547](#): PRO: Designing and Developing Web Applications by Using the Microsoft .NET Framework

Candidates for the MCPD certification must pass three exams: two MCTS Prerequisite Exams and one exam for MCPD: Web Developer.

**Three exams required -**

- **Two core (Two MCTS Prerequisite Exams)**
- **One exam (MCPD: Web Developer)**

The courses listed below are recommended to prepare you for the associated exam.

### ***MCTS: .NET Framework 2.0 Windows Applications (Two Exams Required) (Prerequisite for MCPD)***

1. Study the designated Microsoft Self-Paced Training Kit which is recommended to prepare you to pass the exam.

#### **MCPD Self-Paced Training Kit**

**Microsoft .NET Framework 2.0 - Application Development Foundation\***  
**Programming Microsoft Visual C# 2005: The Language\***  
**Programming Microsoft Visual Basic 2005: The Language\***

\*Please order the Self Paced Training Kit from a technical bookstore.

**Exam 70 – 536**

2. Pass the following exam. The courses listed below are recommended to prepare you for the associated exam.

**Microsoft 2541** - Core Data Access with Microsoft Visual Studio 2005

**Microsoft 2542** – Advanced Data Access with Microsoft Visual Studio 2005

**Microsoft 2543** - Core Web Application Technologies with Microsoft Visual Studio 2005

**Microsoft 2544** - Advanced Web Application Technologies with Visual Studio 2005

**Exam 70 – 528**

3. Pass the following exam. The courses listed below are recommended to prepare you for the associated exam.

*MCPD: Web Developer (One Exam Required)*

**MCPD Self-Paced Training Kit**

**MCPD Self-Paced Training Kit (Exam 70-547): Designing and Developing Web-Based Applications Using the Microsoft .NET Framework (available late 2006)\***

**Programming Microsoft ASP.NET 2.0 Applications: Advanced Topics\***  
**Debugging, Testing, and Tuning Microsoft .NET 2.0 Applications\***

\*Please order the Self Paced Training Kit from a technical bookstore.

**Exam 70 – 547**

## **Or Upgrade from Microsoft Certified Applications Developer (MCAD)**

If you are a Microsoft Certified Application Developer (MCAD), you can upgrade to the MCPD: Web Developer certification by taking one upgrade exam, [Exam 70-551: UPGRADE: MCAD Skills to MCPD: Web Developer by Using the Microsoft .NET Framework](#). By passing this upgrade exam, you will automatically obtain the relevant MCTS prerequisite, MCTS: .NET Framework 2.0 Web Applications.

1. Pass the following exam. The courses listed below are recommended to prepare you for the associated exam:

**Microsoft 2541** - Core Data Access with Microsoft Visual Studio 2005

**Microsoft 2542** – Advanced Data Access with Microsoft Visual Studio 2005

**Microsoft 2543** - Core Web Application Technologies with Microsoft Visual Studio 2005

**Microsoft 2544** - Advanced Web Application Technologies with Microsoft Visual Studio 2005

**Exam 70 – 551**
