

MCTS: Microsoft Office Live Communications Server 2005

4 days of Instructor led training - 1 exam

Microsoft 7034

**Implementing a Microsoft
SQL Server 2005 Database**

4 days

[Exam 70 - 262](#)

MCTS: Microsoft Office Live Communications Server 2005

A Microsoft Certified Technology Specialist in Microsoft Office Live Communications Server 2005 (MCTS: MLCS 2005) possesses a deep and broad understanding of all aspects of the Live Communications Server infrastructure, including deployment of additional Active Directory and network infrastructure components and services to support the deployment and ongoing management and operations of Microsoft Office Live Communications Server.

Certification Track

MCTS candidates must pass one exam that measures their ability to plan, implement, configure, and manage, a Microsoft Office Live Communications Server 2005 environment.

The course listed below is recommended to prepare you for the associated exam.

Microsoft 7034 - Implementing Microsoft Office Live Communications Server 2005

Exam 70 - 262
