

Apple Certified Technical Coordinator

Apple Certified Technical Coordinator (ACTC) certification builds on Apple Certified Support Professional (ACSP), and verifies a foundation in Mac OS X and Mac OS X Server core functionality and an ability to configure key services and perform basic troubleshooting on Mac OS X and Mac OS X Server. ACTC certification is intended for Mac OS X technical co-ordinators and entry-level system administrators who maintain small-to-medium networks of computers using Mac OS X Server. This certification addresses both the support of Mac OS X clients and the core functionality and use of Mac OS X Server.

7 days of Instructor Led Training – 2 exams
