

Check Point Certified Security Expert Plus NGX

CCSE Plus NGX builds on CCSA and CCSE NGX certifications, and validates in-depth technical expertise with Check Point VPN-1 NGX. Professionals with this certification possess all the skills of a CCSE NGX, and demonstrate extensive knowledge of VPN-1 NGX, network planning, route-based VPN, and troubleshooting procedures.

4 days of Instructor Led Training – 1 exam

Prerequisite certification – CCSE
